## PROFESSIONAL SUMMARY

Marketing executive and AI automation builder with 10+ years driving growth across B2B and B2C markets. I combine strategic marketing leadership with hands-on technical execution, building production AI systems that run autonomously and deliver measurable ROI. Currently leading marketing strategy for companies across solar energy, wildfire defense technology, and luxury hospitality while operating 10+ AI-powered automation systems on dedicated infrastructure. I specialize in taking companies from zero marketing foundation to fully operational growth engines, including GTM strategy, martech implementation, campaign execution, and AI-enhanced workflows.

My approach: strategy backed by systems, not slide decks. Every engagement results in working infrastructure, live campaigns, and documented processes your team can own.

## PROFESSIONAL EXPERIENCE

### Founder & AI Marketing Consultant

AI FOR ROI | San Marcos, CA

2023 - Present

Building and deploying production AI automation systems for businesses across multiple industries. Operating as both strategic marketing leader and technical builder, delivering autonomous systems that run 24/7 on dedicated Mac infrastructure.

- Operate 10+ autonomous AI systems running continuously on dedicated Mac Mini and Mac Studio hardware, serving clients in marketing automation, wildfire defense, solar energy, and luxury services
- Serve as Fractional CMO for multiple companies simultaneously, owning full marketing function from audit through GTM strategy, system implementation, campaign launch, and handoff
- Build production AI agent workflows using OpenClaw, Claude, GPT, and Gemini for content creation, lead generation, outreach automation, and performance reporting
- Develop and deploy interactive web applications and client-facing tools using Vercel, Firebase, and modern frameworks, accelerated by AI-powered development workflows
- Implement complete martech stacks from scratch: GA4 tracking, CRM setup with lifecycle workflows, email automation, review generation, and reporting dashboards
- Create AI-powered content factories producing video (HeyGen), written content, social media, and sales collateral at scale without proportional team growth

### Director of Marketing

- Develop and execute comprehensive marketing plans driving business growth, brand visibility, and market differentiation across B2B and B2C solar segments
- Lead all digital marketing: SEO/SEM, social media, content marketing, paid advertising (Google Ads, Meta Ads), and full-funnel optimization
- Manage and optimize paid media campaigns, improving cost per lead while scaling volume and maximizing ROI
- Conduct ongoing market research and competitive analysis to identify trends and adjust strategy
- Direct content strategy (blogs, case studies, social) establishing thought leadership and supporting demand generation
- Lead, mentor, and develop marketing team, fostering a culture of innovation and continuous improvement

## Fractional CMO

Ember Pro USA | Remote

2024 - Present

Own the full marketing function for this wildfire defense technology company, translating complex defense tech into clear messaging that drives awareness and customer acquisition.

- Built go-to-market strategy from the ground up: target segments, positioning, channel mix, and growth priorities
- Implemented martech stack, analytics foundations, CRM, lead generation workflows, and content pipelines
- Deployed AI automation systems for content creation, outreach, lead nurturing, and performance reporting, delivering enterprise-level output without enterprise headcount

## Marketing Director

Forum12 | Spokane, WA

Oct 2021 - July 2023

- Designed and executed comprehensive blockchain-specific marketing strategy across all performance channels
- Managed PR, communications, and community engagement to drive platform adoption and revenue
- Maintained lean marketing budget prioritizing low-spend, high-impact campaigns with data-driven optimization
- Led competitive and user research informing value proposition, positioning, and key messaging

## Marketing & Sales Manager

Eevle (OCW Division) | Carlsbad, CA

May 2020 - Oct 2021

- Led B2B marketing and sales initiatives driving revenue growth and partner development
- Increased sales volume by 300% year over year through targeted campaigns and process improvements
- Managed lead generation, content creation, sales collateral, and retention/loyalty programs
- Planned and executed promotional events for local business partners

## Director of Sales & Marketing

Welk Resort Group | San Marcos, CA

Jan 2013 - March 2020

- Managed \$60M P&L budget while consistently decreasing costs and increasing revenue across 6 marketing programs
- Led and mentored a team of 50+ agents and 9 leaders across marketing and sales functions
- Increased prospect show rate by 10-20% across multiple programs through campaign optimization
- Led 2019's most profitable marketing program: under 3% cost of marketing with \$5,700 sales volume per prospect
- Saved \$933K in expenses by eliminating unnecessary labor and rent costs
- Sustained 7% over budget YOY growth in 2019-2020 by supplying the sales team with qualified prospects
